MOAJE Report  Grant Maledy

We will be using set 4 for the All-State Jazz Audition this year. The most up-to-date files are always at moaje.org. We are in a revision year, so those with ideas, feel free to contact me. We are thrilled to announce our conductor for the year, Camille Thurman. As a composer, multi-instrumentalist, vocalist, and unique interpreter of the jazz tradition, she is quickly becoming one of the standard-bearers for the form, making a considerable and dynamic contribution to the legacy of jazz while paying tribute to its heroes. The Leon Bradley Memorial Grant seeks to further Mr. Bradley’s life’s work through encouraging “emergent” directors in the field of jazz, increasing their professional affiliations, helping promote excellence & garnering community support. Teachers with between two and ten years should apply for a grant to help their developing programs, everyone else should donate to the grant fund to help ensure that we receive matching funds from the community foundation of the Ozarks. Information on all of this is available at http://www.moaje.org/leon-bradley-memorial-grant

We will be raffling off complete jazz charts to attending members of MOAJE who have paid their dues at our meeting at MMEA in January at Margaritaville.

Summer Convention

The 51st Annual MBA Summer Convention was filled with terrific clinics, concerts, and opportunities to learn from one another. Thank you to our clinicians who generously shared their expertise before, during, and after their clinics. It was energizing to know that young and veteran colleagues were taking advantage of the opportunity to visit one-on-one with internationally known clinicians. We would like to thank MAAE for their contribution to the convention, which specifically funded Anthony Maiello’s clinic entitled “Shop Talk! Ask Me Anything!” which was a clinic that he presented at the Midwest Band and Orchestra Clinic that was inaccessible to many. Plans are already underway for the 52nd – if you have any suggestions for what you would like to see included, please let me or a board member know. Please clear your calendar and plan to attend June 21-24, 2020 at Margaritaville Lake Resort!

Missouri Standards for Professional Education (MoSPEs). The MoSPEs are currently undergoing revision. The state uses these criteria to evaluate Academics, Design and Assessment, Field and Clinical Experiences, Candidates to Practitioners Progression, Faculty and Operations and Resources. It includes guidelines for field experiences, minimal requirements for cooperating teachers and supervisors and GPAs for candidates. A draft is available at http://bit.ly/mospedraft Overall, the changes in these regulations roll back the requirements by providing more flexibility in the measures used to assess teacher preparation programs. The most significant change for music teacher education is that it reduces the requirements for cooperating teachers for student teaching to a bachelor’s degree, 3 years of experience and recommendation by principal.

Missouri Evaluation Evaluation System (MEEs) for Preservice Teachers. The MEEs are currently have been revised and approved by the state board with a minimum score of 42 required for certification. Cooperating teachers and university supervisors rate student teachers on a 0 to 4 rubric for each standard. The score is a summed total of the cooperating teacher and university supervisor’s score. Additional information is available at https://dese.mo.gov/educator-quality/educator-preparation/mees-training

Report for Senate Exhibit, Vicki Bean

Just a quick update and some questions:

Since the last report, Clayton and I met in St. Louis, and have continued to work together on the Senate Exhibit. We made a few more changes on the website, minor changes on procedure for ease and clarity, discussed how to increase participation, and we think we’ll have a smooth transition.

Some concerns that Clayton expressed was (1) teacher participation in all districts and (2) lack of participation among some of the Senators.

To address teacher participation: we’ve simplified the process a little. Although I am in the process of sending out individual emails to last year’s participants, I plan to ask MAEA if they will send out an email to their membership. This email could be specific to the Senate Exhibit, and/or be a “Capital Ways to Exhibit Student Work” (the theme of our booth) which can explain YAM, the Senate Exhibit, and maybe the Congressional Art Competition. We have the flyers and can easily incorporate them into an email or into websites.

I am not sure how to reach out to the music, theatre, and dance folks for submissions. I suppose they could submit photos, poster and flyer art for events, costuming, performances, etc. Right now, my goal is to focus on getting art teacher participation in every district.
To address Senate participation: There was discussion about having a sponsor Senator but see problems with zeroing in on one Senator. I’d love your thoughts. Also, there are a number of Senators who are up for re-election or are terming out and wonder if there’s a strategy that could be developed from that. Previously, a letter has been sent to the Senator's office and I plan to continue this.

I have a meeting scheduled with Lt. Gov. Kehoe next week while he is in my area of the state for another event. I am trying to solicit his support and get any ideas he may have for getting all the Senators on board. I don’t know how successful this meeting will be, but I want to make sure he is aware of the exhibit (participants, purpose, process) if he isn’t already.

I don’t expect this to be a long meeting but wanted to bring it to your attention in case there is an issue you’d like discussed should the opportunity present itself.

As always, any ideas or suggestions are welcome!!
